Specialized Color Guides for US Stamps by Richard M. Morris Covers the 3c 1851-57, 3c 1861-68, 2c 1890 and 2c 1895-1903, The two editions are quite similar as to color identification however the text differs. We prefer the original edition as the chips are mounted on a non-surfaced paper and you do not get the glare of the Scott edition.

The introduction of postage stamps in the UK in May 1840 was received with great interest in the United States (and around the world). Later that year, Daniel Webster rose in the U.S. Senate to recommend that the recent English postal reforms—standardized rates and the use of postage stamps—be adopted in America. It would be private enterprise, however, that brought stamps to the U. S.

The first Scott catalogue was a 21-page pamphlet with the title Descriptive Catalogue of American and Foreign Postage Stamps, Issued from 1840 to Date, Splendidly Illustrated with Colored Engravings and Containing the Current Value of each Variety. It was published in September 1868 by John Walter Scott, an early stamp dealer in New York, and purported to list all the stamps of the world, with ...

**Scott catalogue - Wikipedia**

USPS, at this time, was the abbreviation for "United States Postage Stamp". The illustration here shows what the double-lined watermark looks like within a pane of 100 postage stamps. The watermark letters are very large, almost the full size of a postage stamp, but they were not evenly aligned with each of the stamps.
